Selection Directions:

- Selection Directions:
- Follow the directions under each subject tab. Please look at scheduling 7 courses for your grade 12 year, 8 would be preferred. It will be easier to drop a course than add one after schedule has been made.
- On the top of your requests you should see:
- 2023.2024 - Requests: 7 to 8 primary, 2 alternate
- The primary courses are counted as the ones we will look to schedule for you next year. If this does not say 7 to 8 then you will need to either choose more or give a good explanation in Notes to Counselor.
- Notes To Counselor: Please put pertinent scheduling information in this box to help Counselors meet your needs. Information may be that you meant to choose only 3 courses because you are accepted into a dual credit program, or you are signed up to do Work Experience over the summer. You might want to have Prec 11 scheduled before Ph 11. You may want a flex in the semester you have your math class. Etc.
